6th November 1943

From

The Secretary
The Sri Rama Mandiram Association,

Basavanagudi P O , Bangalore.

To

H B Gundappa Gowda, Esqr , B A B L ,
Minister for Health & Local Self-Government
in Mysore, Bangalore

Sir,

I beg to submit the following memorial for your kind perusal and favourable action

This petition pertains to the grant of a small plot of land adjacent to Sri Rama Temple, Model Houses Block, Basavanagudi, Bangalore

This temple was purchased by the Association on 11th June 1941 from the Government of Mysore after a long and historic struggle Ever since then, the Association has been consistently and earnestly making representations to the proper authorities over two issues of cardinal importance, first, the award of a substantial annual grant in cash and of a suitable plot of fertile land in the vicinity of the temple for the efficient maintenance of the temple, and secondly the grant of the small strip of land adjacent to the temple which is contiguous with and part and parcel of the site upon which the temple stands

I shall deal with the second issue only in this memorial This issue has been brought into needless prominence by a recent decision of the Bangalore City Municipality According to this decision, the adjacent portion

of the temple-side is to be granted in favour of another Association called the Guru Raja Association which has been in existence in the same locality for just a couple of years past The object of the GuruRaja Association is to instal a Brindavan This, the Association sought to do at one time within the holy of holies in the Sri Rama Temple itself And in dramatic circumstances, after a great upheavel in this locality, at the instance of the residents of the locality and on the numerous powerful grounds set forth in our resolution dated 29 8 1942 copies of which were duly submitted to the Municipal Commissioner and the President, Bangalore City Municipality in August 1942 (a copy of which resolution is appended hereunto for your kind perusal and reference) the Government of Mysore were pleased to pass orders in accordance with the advice tendered by officers appointed by them for this specific purpose preventing the installation of the Brindavan in this locality and locked up the temple When the temple was officially handed over to our Association on 11th June 1941, the installation of the dieties of Sri Rama and other gods took place with due ceremonies to the immense relief and immeasurable delight of the local population

Before our Association could settle down to its most urgent and numerous tasks which had been unavoidably put off for years, tasks such as the construction of a suitable building for the temple, acquisition of substantial grants by Governments, etc , the Association was threatened with an unforseen and serious difficulty The Guru Raja Association made a request to the Bangalore City Municipality that the portion of the site adjacemt to the temple should be granted to it for the installation of the Brindavan The City Improvement Committee rightly taking into consideration the antededent circumstances in which the very same Brindavan had been removed from the temple in accordance with the orders of the Government

themselves, had by then already decided to grant this small bit of adjacent land in favour of our association. But consequent upon the representation made by the Guru Raja Association, the Bangalore City Municipal Council deputed one of its own members with the laudable intention of settling this issue once for all in consultation with us Our Association expressed its view in the matter in the form of a resolution most powerfully, cogently and conclusively pleading the advisibility and urgent necessity of granting this portion ~~of this portion~~ of the ground also in favour of our association for the security of and in furtherance of the interests of Sri Rama Temple In accordance with our resolution the Municipal Council decided against the grant of this bit of land to the Guru Raja Association so as to prevent the occurrence of grave disturbances in the locality at any time in future But to our misfortune and amazement, with extraordinary inconsistency, the same Council, at a subsequent meeting, expressed its willingness to part with this plot of land in favour of the Guru Raja Association to enable them to instal the Brindavan

Now, our ~~this~~ Association cannot too strongly protest against this hasty, ill-advised and self-contradictory decision of the Municipal Council in a matter which is of the utmost religious importance to the local population Our Association realized that in order to remove once for all the sword of Damocle's hanging over it all these years it must appeal to the benign Government against the decision of the Municipal Council It has already submitted a petition to you, Sir, on 25 8 1943, setting forth in detail the history of the controversy raging for years over the vexed question of the Brindavan It is needless to remind you, Sir, that the presiding diety of our temple is worshipped with equal and inexpressible fervour throughout the length and breadth of our sacred land by every section of the vast Hindu Community whereas the Brindavan

draws its votaries from one solitary section and would, if installed in the presents of the temple, render the same unfit for auspicious Hindu ceremonies such as 'Vara-puja' for the reason that the Brindavan signifies the sacred remains of a renowned and departed Madhwa saint Finally, our Association submits that the entire plot of ground on which the temple stands is hardly sufficient to satisfy the needs of Sri Rama Temple which is still in its infancy and which therefore requires immense and innumerable improvements

Our Association therefore prays in all humanity and with all the earnestness of its command that to prevent recrudescence of civil trouble in this area at any time in future and to protect the interests of this temple which though still in its infancy has already found a place in the heart of every resident in this locality, the benign Government may be pleased, forthwith, to revoke the most recent self-contradictory decision of the Bangalore City Municipal Council and generously order the assignment of the entire plot of ground bounded to the east by Shamanna Park, to the south by the Model Houses Street, to the West by the Sannidhi Road and to the North by a conservancy lane for the benefit of the Sri Rama Temple This will not only lay to rest once for all the ugly controversy that has been raging for years but will also enable the Association to take in hand the many momentous tasks hitherto postponed, such as, the extension of the Temple Building, to suitable proportion, acquisition of suitable grants in cash and in kind from the benign Government so as to enable the Association to maintain the Temple in accordance with the traditions for which all famous temples in Mysore are distinguished

For this act of justice and farsightedness, the Association

will be ever grateful to you and pray the Lord Sri Ramachandra to shower His choicest blessings on you and your family

I beg to remain,
Sir,
Your most obedient servant,

D M Subrahmanyam

in Mysore, Bangalore

Sir,

In continuation of our Memorial dated 6th November 1943 I beg to state that the City Municipal Council at its meeting held on 24-5-1944 has passed a resolution by a narrow majority granting a portion of the Sree Ramadevaru Temple Site in favour of Gururaja Association for the purpose of installing The Same Brindavan which was once removed from the Temple by the Government themselves as a result of the public protest This resolution has been passed in defiance of previous decisions of the City Municipal Council and in tragical indifference to our numerous representations stating our solid incontrovertable claims for being granted the entire site for the temple Sir, we approach you now in the last resort and appeal to you to over-rule the decision of the Municipal Council and order that the entire site be granted for Sri Ramadevaru temple so that the present nucleous of the temple might some day become as grand as we fondly dream that it will We do not like to weary you once again by stating all the reasons we have already given in the Memorial submitted to you for being favoured with the whole site But we may be permitted to say one word more The authorities of Sri Raghavendra Swami Mutt have issued a number of statements to the press to the effect that they have not given the sacred earth (ಸುಮಾರು 8 ಅಡಿ from the original samadhi of Sri Raghavendra Swami situated in Mantralaya near Thunga Bhadra for the installation of Brindavan any where in Bangalore ever since the installation took place in Seethapathy Agrahara, Chamarajpet, and their recent communication

dated 5-6-1944 (paper extract enclosed) Sir, if kindly perused, will show what sacredness will there be if Brindavans of the kind referred to by the Gururaja Association are installed by different persons in different localities Secondly this Association (The Sri Ramadevaru Mandiram Association) is a democratic body and the members of the managing Committee who are its duly elected representatives with their sole interest centred in the well-being of the Sri Ramadevaru Temple are naturally filled with grave apprehension that if at any time in future persons whose main interest lies in the Brindavan are returned to the committee, certainly the temple will suffer from a serious set back and an alliance will be sought to be forced between the temple and the brindavan in which case the temple will loose its character of being a sacred place of worship by hundreds of devotees This would virtually mean the annihilation of the temple from the point of view of persons devoted exclusively to Sri Rama The residents of this locality have also submitted a Memorial putting forward their grievances in the matter and the same is also enclosed for your kind perusal

Having placed all these facts before you, I on behalf of the Committee pray that the entire plot of ground in which the temple stands may be generously granted for the temple itself, and for which act of kindness and piety the Association prays to Sri Rama to shower His choicest blessings on you

Basavangudi,
Bangalore,
Dated 2/11-9 June 1944

Yours faithfully,

Secretary

opy of the esolution passed at the extraordinary meeting of the ree ama andiram ssociation, olellous s Block, T. Nagar, on 23rd August 1942, regarding the letter of r M. Ponnappa, (Municipal Councillor) of 20-8-1942)

1 The association has been in existance for the past 18 years with the sole object of putting up a temple to be dedicated exclusively to ri ama and the associated dieties- Lakshmana, Seetha and njaneya

2 hen an attept was made three ago to instal the Brindavan within this temple, on a representation made by the residents of the locality- the authorities deputed the Amildar to take a mahazar on the spot Accordingly, the Amildar took down the mahazar to the respect that the residents of the locality are strongly and unanimously against the installation of any other diety or idol or founding of any other institution within this temple which has been intended solely for housing the idol of Sri Ramachandra Acting on the findings of the learned Amildar, the Government passed a restraint order on the association, preventing the installation of the Brindavan and instructed the municipal authorities to take back the possession of the temple.

3. The members of this association are firmly and unanimously of openion that the public of this are to-day as much against the - installation of the Brindavan within the premises of this temple as they then were.

4. The entire ground on which the temple now stands bounded by the amanna ark to the ast and annidhi Road to the west would be scarcely sufficient to satisfy the needs of this temple which is - still in its infancy and for which every improvement like a decent structure for the temple, a compound wall, quarter for archak, a harma sala, yagasala, a pakasala has yet to be effected Therefore the association prays, as it has already petitioned in the past with all the earnestness at its command that the entire plot of ground be granted for the benefit of ree ama Temple

5 In these circumstances, this association is most strongly of openion that no portion of this ground be allotted to any other religious or other insttution ot only such apportionments would seriously hamper the growth of ree ama Temple and would also put a stop to the growth of the second institution at its very inception

6 inally, this association likes to submit that the ri ama Temple is of appeal to the entire indu Population; whereas the Brindavan for the sake of which a portion of the site is now claimed is sectarian in its appal. The association is afraid that the setting up of any other institution in close vicinity of this temple is bound to lead to much unpleasantness ordinarily and grave breach of piece on occasions Therefore, the association is strongly opposed to such apportionments of the ground for the benefit of - different institutions. Further, it would like to impress upon the authorities that the position taken by the association in this matter is entirely in keeping with the declared policy of the Government - that plots of land adjecent to each other shall not be granted to religious insttutions of different persuations

7 But, however, as this association is satisfied that the Guru Raja Association is clearly and urgently in need of suitable site for the installation of the Brindavan and as there is a vacant site on the other side of the annidhi Road, this association strongly recommends that the Gururaja Association may be favoured with a grant of this site which stands to the west of the annidhi Road. The association has much pleasure in taking this opportunity to make it clear that it has nothing but good wishes for its sister association some of whose members are also members of this association and utmost sympathy for its objects

Council proceedings dated 25th ay 1944

Subject No.34.

Mr M A Gopalaswami Iyengar observed that it was not desirable to give the plots to different Associations and that it was better if it was kept as Municipal land for forming a park later on is moved that it may be kept as open space and both the Associations refused

Mr K M Naganna seconded the above

Mr W H Hanumanthappa moved an amendment that it may be given to Sri Rama Mandiram Association as full

Mr [illegible] Raju observed that one half portion already been given away to Sri Gururaja Association on 15-8-43 and that the subject before them was regarding the disposal of the remaining bit The grant of land to the Gururaja Association was pending before Government

Mr T Nar Sharma next observed that since the Gururaja Association and the Sri Rama Mandiram Association belonged to two different sects, it was not desirable to bifurcate the land between the two since they would come to blows and be fighting with each other The land in front had been given away to the Rama Mandiram and hence the land at the rear may also be given to them The Gururaja Association may be given a site elsewhere

Mr G Nanjappa speaking next said that he was opposed to the proposition of Mr M A Gopalaswami Iyengar and supported City Improvement Committee opinion If both are given land side by side then whatever differences they had would disappear on account of close touch and they would thus be cementing a dispute

Mr K J Kuppael also opposed the proposition of Mr M A Gopalaswami Iyengar

Mr D Venkatanamappa supporting Mr M Gopalaswami Iyengar said that instead of giving the land to the two parties, it may be kept open

Mr [illegible] Ramiah was also of opinion that the plot of land should be kept open since, if both the parties are given land side by side there would be unnecessary disputes

Mr L S Raju supported the opinion of the City Improvement Committee

The Commissioner informed the House that there was no possibility of the two parties coming to a compromise and that it was better if it was kept open

At this stage, Mr T Ramachandra Gupta moved that the subject may be deferred for Council Inspection and Mr S Visvanatha Murty seconded it

The above proposition of Mr P V Ramachandra Gupta was put to vote and lost 4 voting for and 8 against

Mr N Kesaviangar supported the opinion of the City Improvement Committee

Mr [illegible] Nanjunna replying to the debate said that if the Municipality had disposed of all available lands, no such resolutions would have come up before them The grant of the land to different associations would lead to dispute so it was better Commissioner was authorised authorised to dispose of as public question

Then the proposition of Mr M A Gopalaswami Iyengar

open was put to vote and lost, 4 voting For and 9 against

Then the opinion of the City Improvement Committee was put to vote and passed, 12 voting for and 2 against
